

R.E.A.L kids FIELD TRIP @ SUNWAY

WILDLIFE INTERACTIVE ZOO

Special MARCH 2009 Edition

Wildlife Observation

One of the venues selected for the *March 2009 Field Trip* was at *Sunway Lagoon Wildlife Interactive Zoo*.

This field trip is a good opportunity for the children to develop their [Multiple Intelligence \(M.I.\)](#) in "**Naturalist/Environmentalist**", as they were up-close and personal with real wildlife animals. The children learnt about wild animal first-hand by touching and interacting with them under the guidance of several friendly *Wildlife Rangers*. They were given a briefing on not to insert their hands into any closure and to follow their teachers and rangers closely.

Getting to know the farm friends

From the very start, the children were awed by the sight of the majestic duo tigers as they headed towards the *Jungle Trail*. From the excitement and joy on their faces, it was obvious they enjoyed the experience seeing the 'real-life' tigers. Other animals along the *Jungle Trail* were birds, deer, monkeys, crocodiles, otters, a bear and a tapir and many more...

Rabbit feeding

The children enjoyed the Train ride to Pet Village where they got to feed the rabbits and experienced *the Longkang Fish Feeding*. Another highlight of the trip was the *Sunway Wildlife Friends Show*, where the animals showcased their talents.

It was a meaningful experience day spent at *Sunway Wildlife Interactive Zoo!*

Hands-on fishing experience

'Up-close-and-personal' with an albino snake

The train ride
